I, Eugene B. Longfield, being first duly sworn, depose and say that this map has been correctly drawn to the designated scale from a survey made by me on the 13th day of October, 1977, that it truly represents the location and extent of the works used to divert water from an underground source in Washoe County, Nevada, by Thomas E. Neeser, that the point of diversion and the boundary of the land to be served are fully and correctly designated thereon.
