I, Clyde Hunter, being first duly sworn, depose and say that this map, consisting of one sheet, has been correctly drawn to the designated scale from field notes of a survey made by me on April 11, 1978; that it truly and correctly represents the proposed locations and extent of the works used to divert water from an Underground Source in Washoe County by the Southern Pacific Land Co. Inc., for Irrigation purposes. That the proposed points of diversion, all reservoirs or basins, the locations and names of all other works which will cross or connect with the proposed works and the boundaries of all lands showing by 40 Acre subdivisions, the areas proposed to be irrigated are fully and correctly designated hereon.
