14	NW¼ of SE¼	"	"	40.00	Alfalfa & wheat
		Total area		78.23	

STATE OF CALIFORNIA } SS
County of San Diego

I, Ernest B. Pechstein, being first duly sworn, depose and say that this map, consisting of one sheet, has been correctly drawn to the designated scale from field notes of a survey made by me (or under my supervision and direction) between the 24th day of October and the 27th day of October, 1966; that it truly and correctly represents the location and extent of the works used to divert water from an underground source, in Nye County, by Claude H. Cranmer for irrigation purposes under Application No. 18316. That the point of diversion, the location, size and grades of the diverting channel, location and description of all measuring devices, the location and extent of lands owned or controlled by the applicant upon which water applied for under Application No. 18316 is used together with the area and kind of culture in each 40 acre subdivision, and the location and names of all other works or streams which are crossed by or connected with said works are fully and correctly designated thereon.

Ernest B. Pechstein
State Water Right Surveyer

Subscribed and sworn to before me this 9 day of November, 1966.
