State of Nevada
County of Esmeralda } ss

I, Roger D. Glidden, being first duly sworn, depose and say that this map, consisting of one sheet, has been correctly drawn to the designated scale from field notes of a survey made under my supervision and direction between the 30th of July and the 31st day of July 1979, that it truly and correctly represents the proposed location and extent of the works used to divert water from Underground Sources, in Esmeralda County by Marathon Resources Inc. for mining exploration and development purposes. That the proposed points of diversion, the approximate location and size of the diverting channels, all reservoirs or basins, the location and names of all other work which will cross or connect with the proposed works, and the boundary of all lands, showing the areas proposed to be mined are fully and correctly designated thereon.
