I, Hugo V. Casella, being first duly sworn, depose and say that this map, consisting of one sheet, has been correctly drawn to the designated scale from field notes of a survey made by me (or under my supervision and direction) between the 21st day of March and the 22nd day of March, 1968; that it truly and correctly represents the location and extent of the works used to divert water from Underground Ground Source by Hugo F. Beyer in Lander County for domestic and irrigation purposes, under application number No. 19406. That the point of diversion, the location, size and grades of the diverting channel, location and description of all measuring devices, the location and extent of lands owned or controlled by the applicant upon which water applied for under application No. 19406 are used, together with the area and kind of culture in each 40-acre subdivision, and the location and names of all other works or streams which are crossed by or connected with said works are fully and correctly designated thereon.

H. V. Casella
State Water Right Surveyor

Subscribed and sworn to before me
this 1st day of April 1968
Mrs. Velda Sherwood
Notary Public in and for ORMSBY County, Nevada
