I, Alan Means, being first duly sworn, depose and say that this map, consisting of 2 sheets numbered from 1 to 2, inclusive, has been correctly drawn to the designated scale from field notes of a survey made by me, (or under my supervision and direction), between the 24th day of August, and the 30th day of October, 1973; that it truly and correctly represents the proposed location and extent of the works used to divert water from Surface Sources, in Washoe County, by White Pine Lumber Company, a Nevada Corporation, for irrigation, and domestic purposes. That the proposed points of diversion, the approximate locations and sizes of the diverting channels, all reservoirs or basins, the place and manner of use, the location and names of all other works or streams which are crossed by or connected with the said works, and the boundary of all lands, showing by 40 acre subdivisions the areas proposed for irrigation, and domestic purposes, are fully and correctly designated thereon.
