I, David M. Boyer, being first duly sworn depose and say that this map, consisting of 1 sheet, has been correctly drawn to the designated scale made from field notes of a survey made under my supervision and direction, on June 2, 1982, that it truly and correctly represents the proposed location and extent of the works used to divert water from an underground source in Washoe County by Robert H. Broili and Raymond Rude for Quasi-Municipal (Geothermal) purposes. That the proposed point of diversion and proposed place of use are fully and correctly designated thereon.
