I, **WILLIAM F. PILLSBURY**, being first duly sworn, depose and say that this map, consisting of one sheet, numbered from 1 to 1 inclusive, has been correctly drawn to the designated scale from a survey made by J.V. Caselli, deceased, and has been reverified and corrected under my supervision and direction on the 21st day of August, 1983; it truly and correctly represents the location of the existing well in the proposed location and extent of the works used to divert water from underground, in Nye County, by Ray L. Wiggins for irrigation purposes under Application 47005 and is the same point of diversion as Permit # 31271. That the proposed point of diversion, the approximate location and size of the diverting channel, and the boundary of all lands, showing by 40-acre subdivisions the areas proposed to be irrigated, are fully and correctly designated thereon.
