I, Tracy I. Phelps, being first duly sworn, depose and say that this map, consisting of one sheet, has been correctly drawn to the designated scale from field notes of a survey made by me on the 9 th day of February, 1974; that it truly represents the location of an existing well used to divert water from an underground source, in Nye, County, by Halsey Holloway for irrigation and domestic purposes under Application No. 28186. That the point of diversion, the location, size of diverting pipe lines, the location and extent of lands owned by the applicant upon which water applied for under Application No. 28186 is used, together with the area and kind of culture in each 40-acre subdivision, no other streams or diversion works exist on said land.
