I, Tracy I. Phelps, being first duly sworn, depose and say that this map consisting of one sheet, has been correctly drawn to the designated scale from surveys made by me on August 15, 1975 and on March 28, 1979 that it truly and correctly represents the location and extent of the works used to divert water from underground, in Clark County, Nevada, by Mark, Delbert, and Theron Stewart for Irrigation purposes under Application No. 29606. That the point of diversion, the size and location of all diverting pipes are shown, location and size and description of all measuring devices, the location and extent of all lands owned or controlled by the applicants upon which water applied for under Application No. 29606 is used, together with the area and kind of culture in each 40-acre subdivision, and the location and names of all other works or streams which which are crossed by or connected with said works are fully and correctly designated thereon.
