STATE OF NEVADA }
CARSON CITY } SS

I, David E. Early, being first duly sworn, depose and say that this map, consisting of 1 sheet, numbered from 1 to 1, inclusive, has been correctly drawn to the designated scale from field notes of a survey made by me, between the 20th day of December, and the 21st day of December, 1984; that it truly and correctly represents the proposed location and extent of the works used to divert water from an underground source in Mineral County, by USDI Bureau of Land Management and Roberts Sheep Company for stockwatering purposes. That the proposed point of diversion, the approximate location and size of the diverting channel or other conduit, the place and manner of use, and the location and names of all other works or streams which are crossed by, or connected with the said works, are fully and correctly designated thereon.
