I, E. P. Osgood, Jr., being first duly sworn, depose and say that this map, consisting of 1 sheet has been correctly drawn to the designated scale from field notes of a survey made by me on September 29, 1980; that it truely and correctly represents the proposed location and extent of the works used to divert water from underground sources by well in Washoe County, Nevada by Robert L. Weise for irrigation purposes under Application No. 35554. That the point of diversion, the location, size of diverting channel, location and description of all measuring devices, the location and extent of lands owned or controlled by the applicant upon which water applied for under Application No. 35554 is used, together with the area and kind of culture in each 40 acre subdivision, and the location and names of all other works or streams which are crossed by or connected with said works are fully and correctly designated thereon.
