STATE OF NEVADA
COUNTY OF WHITE PINE

I, Richard E. Fonger, being first duly sworn, depose and say that this map, consisting of one sheet, has been correctly drawn to the designated scale from the field notes of the survey made by me on October 22, 1979; that it truly and correctly represents the location and extent of the works used to divert water from "Underground Sources" in White Pine County by Valentine A. and Elizabeth F. Bianchi for irrigation purposes under application no. 38327. That the point of diversion, the size of diverting channel, location and description of all measuring devices, the location and extent of lands owned or controlled by the applicants upon which water applied for under Application No. 38327 is used, together with the area and kind of culture in each 40-acre subdivision, and the location and names of all other works or streams which are crossed by or connectected with said works are fully and correctly designated thereon.
