F. W. Millard, being first duly sworn, deposes and says, that the above map is a true and accurate plat of the springs described in the Applications of Miguel Zubiri for stock watering purposes, as taken from the field notes of a survey made by me, completed on the 18th day of April, 1919.

That the map and survey were made at the instance of Miguel Zubiri, the applicant for the use of said Springs, and that it truly represents the relative positions of the Zubiri Ranch, and the Rosenlund Ranch as described in protest of Albert Rosenlund vs. Miguel Zubiri, and that said map is a true and accurate copy of the map from which said F. W. Millard made measurements and gave testimony regarding distances of the said springs from the Zubiri Ranch July 21, 1919.

F. W. Millard,
