APPROVAL OF STATE ENGINEER

This is to certify that I have examined the foregoing application, and do hereby grant the same, subject to the following limitations and conditions:

This permit is issued subject to all existing rights on the source. It is understood that the 1.0 c.f.s., herein granted is only a temporary allowance and that the final water right obtained under this permit will be dependent upon the amount of water actually placed to a beneficial use. A suitable measuring device must be installed and accurate measurements of the water placed to a beneficial use must be included in the proof of such use when filed. The State retains the right to regulate the use of the water herein granted at any and all times.

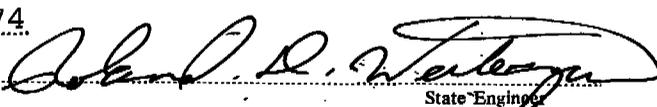

The total combined duty allowed under this permit and Permits 27971 and 27972 shall not exceed 235.9 million gallons annually.

The amount of water to be appropriated shall be limited to the amount which can be applied to beneficial use, and not to exceed 1.0 cubic feet per second, but not to exceed 235.9 million gallons annually.

- Actual construction work shall begin on or before..... February 15, 1975
- Proof of commencement of work shall be filed before..... March 15, 1975
- Work must be prosecuted with reasonable diligence and be completed on or before..... February 15, 1976
- Proof of completion of work shall be filed before..... March 15, 1976
- Application of water to beneficial use shall be made on or before..... February 15, 1977
- Proof of the application of water to beneficial use shall be filed on or before..... March 15, 1977
- Map in support of proof of beneficial use shall be filed on or before.....

Commencement of work filed..... **MAR 17 1975**
 Completion of work filed..... **NOV 8 1976**
 Proof of beneficial use filed..... **OCT 17 1980**
 Cultural map filed.....
 Certificate No. **11120** Issued..... **JUN 3 1985**
