STATE OF NEVADA, ss
COUNTY OF WASHOE

I, Gerald Stanton, being first duly sworn, depose and say that this map, consisting of 1 sheet has been correctly drawn to the designated scale from field notes of a survey made by me, on the 19th day of July, 1982; that it truely and correctly represents the proposed location and extent of the works used to divert water from an underground source in Washoe County, by Aury Smith for irrigation purposes under application No. 30859. That the point of diversion, the location, size of the diverting channel, location and description of all measuring devices, the location and extent of lands owned or controlled by the applicant upon which water applied for under application No. 30859 is used, together with the area and kind of culture in each 40 acre subdivision, and the location and names of all other works or streams which are crossed by or connected with said works are fully and correctly designated thereon.

Gerald D. Stanton
GERALD D. STANTON N.W.R. # 481

Subscribed and sworn to before me this 3 day of Aug, 1982. Notary Public in and for Washoe County Nevada.

Dorothy Hocking

Basis of bearings: G.L.O. plat of 1879 i.e. South line of section 8 T.43 N. R. 19 E. M.D.B.&M. ← N. 89°44' E.

0 500 1000 2000 3000
Scale 1" = 600'

The SW Cor. sec. 8 was established by intersecting the old fence lines E-W & N-S that were established prior to 1920 by testimony of Aury Smith. The fence corner on the East side of the road shown on Wesley Dales' map was moved 10' E. no evidence of a section Cor. was found. Distance to old fence cor. is 52' longer than plat. These positions agree with the U.S.G.L.O. 7.5' quad maps
