I, F. A. O'Leary, being first duly sworn, depose and say that this map, consisting of one sheet, has been correctly drawn to the designated scale from field-notes of a survey made by me on the 2nd day of October, 1943; that it truly and correctly represents the location and extent of the proposed works used to divert water from Little Humboldt River, in Humboldt County, by George S. Reed for Power purposes. That the proposed point of diversion, and return, the location of the power house, the approximate size and capacity of the diverting channel or conduit and the location and names of all other works or streams which are crossed by or connected with said works, are fully and correctly designated thereon.

F. A. O'Leary
STATE WATER RIGHT SURVEYOR.
