

I, Frank Walker, being first duly sworn depose and say that this map has been correctly drawn, to the designated scale from field notes of a survey made by me on th 19 day of September 1943; that it truly and correctly represents the location and extent of the proposed works used to divert water from Dead Man Spring, in Lincoln County, by Juanita W. Bleak and Cassey L. Wheeler, for stockwatering and domestic purposes. That the proposed point of diversion, the approximate location and size of the diverting channel or other conduit, the place and manner of use, and the location and names of all other works, or streams which are crossed by, or connected with said works, are fully and correctly designated thereon.
