County of Clark

I, C. D. Baker, being first duly sworn, depose and say that this map, consisting of one sheet, has been correctly drawn to the designated scale from field notes of a survey made by me on the 4th day of February, 1946; that it truly and correctly represents the location and extent of the proposed works used to divert water from Las Vegas Valley artesian basin or sub-terranian channel in Clark County by WILBUR CLARK for quasi-municipal and domestic purposes. That the proposed point of diversion, approximate location and size of diverting channel or other conduit, the place and manner of use, and the location and names of all other works or streams which are crossed by or connected with the said works, are fully and correctly designated thereon.
