I, E. P. Osgood, being first duly sworn, depose and say that this map, consisting of 1 sheet, has been correctly drawn to the designated scale from field notes of a survey made by me on the 6th day of September, 1947; that it truly and correctly represents the location and extent of the proposed works used to divert water from Underground source in Lander County by FRED J. DE LONGCHAMPS for Mining and Milling purposes. That the proposed point of diversion and return, the location of the mill and mine, the approximate size and capacity of the diverting channel or conduit, and the location and names of all other works or streams which are crossed by or connected with said works are fully and correctly designated hereon.
