
STATE OF NEVADA
COUNTY OF CLARK

I, GEORGE VON TOBEL, being first duly sworn, depose and say that this map consisting of one sheet, has been correctly drawn to the designated scale from field notes of a survey made by me on the 24th day of January, 1949; that it truly and correctly represents the location and extent of the works used to divert water from an abandoned mining shaft in Clark County by CHARLES D. FESCHER for stockwatering & domestic purposes; that the point of diversion, the location and size of the diverting channel or other conduit, the place and manner of use, and the names and location of all other works or streams which are crossed by or connected with the said works, are fully and correctly designated thereon.
