
STATE of NEVADA }
COUNTY of NYE } S.S.

I, C.A. Liddell, being first duly sworn, depose and say that this map consisting of one sheet, has been correctly drawn to the designated scale from field notes of a survey made by me on the 13th day of December 1952; that it truly and correctly represents the proposed location and extent of the works used divert water to be obtained from an underground source in Nye County by L.W. Coffin and L.C. Burmann for irrigation and domestic purposes. That the proposed point of diversion, the well, the approximate size of the diverting channel, all reservoirs, or basins, the locations and names of all other works which will cross or connect with the proposed works, and the boundary of all lands showing by 40-acre subdivisions the areas proposed to be irrigated, are fully and correctly designated thereon.

There are at present no works of any kind on the property, and none are contemplated until the well is brought in.

C.A. Liddell
State Water Right Surveyor.

Subscribed and sworn to before me this 12th day of Jan. 1953.
