I, F. W. Millard, being first duly sworn, depose and say that this map, consisting of one sheet, has been correctly drawn to the designated scale from field notes of a survey made by me between the 21st and 23rd days of March, 1936; that it truly and correctly represents the location and extent of the works used to divert water from LONG GULCH SPRING in WHITE PINE COUNTY by HERMAN DEITLAFF for irrigation purposes. That the points of diversion, the location and sizes of the diverting channels, the location and the extent of the lands owned or controlled by said HERMAN DEITLAFF upon which the water is used, together with the area and kind of culture in each 40 acre subdivision, and the location and the names of all other works or streams which are crossed by or connected with said works are fully and correctly designated thereon.

F. W. Millard
State Water Right Surveyor
