SURVEYOR'S AFFIDAVIT

I, Lenard D. Smith, being first duly sworn, depose and say that this map, consisting of two sheets has been correctly drawn to the designated scale from field notes of a survey made under my supervision and direction on November 29, 2005, that it truly and correctly represents the proposed location and extent of the works used to divert water from underground, in Lincoln County, Nevada, by Laird and Dee Ann Whipple, for irrigation purposes under Permits No. 70019 and 71336. That the point of diversion, the location, size of the diverting channel or other conduit, location and description of all measuring divices, the location and extent of lands owned or controlled by the applicant upon which water applied for under Permit No. 70019 is used, together with the area and kind of culture in each 40-acre subdivision, and the location and names of all other works or streams which are crossed by or connected with said works are fully and correctly designated thereon.
