APPROVAL OF STATE ENGINEER

This is to certify that I have examined the foregoing application, and do hereby grant the same, subject to the following limitations and conditions: This permit to change the point of diversion of the waters of an underground source as heretofore granted under Permit 25719 is issued subject to the terms and conditions imposed in said Permit 25719 and with the understanding that no other rights on the source will be affected by the change proposed herein. The well shall be equipped with a 2-inch opening and a measuring device must be installed in the discharge pipeline near the point of diversion and accurate measurements must be kept of water placed to beneficial use. If the well is flowing, a valve must be installed and maintained to prevent waste. The State retains the right to regulate the use of the water herein granted at any and all times. No perforations shall be put in the casing until after the well is completed and the log available for study. Perforations shall not start less than 100 feet from the surface unless the log shows a satisfactory confining formation nearer the surface.

This permit is issued subject to the terms and conditions as set forth in the State Engineer's Ruling of April 6, 1971 issued with regards to Applications 25770 and 25719, which includes the requirement that a measuring device be installed on the well immediately upon completion of the well, and that accurate measurements of water pumped be kept and submitted to the State Engineer's office on an annual basis.

The total combined duty of water allowed under this permit and Permits 25993, 25994, 26144 and 26998 shall not exceed 2.22 billion gallons per year.

The amount of water to be changed shall be limited to the amount which can be applied to beneficial use, and not to exceed 3.0 cubic feet per second but not to exceed

262.8 million gallons annually.

Actual construction work shall begin on or before June 2, 1976

Proof of commencement of work shall be filed before July 2, 1976

Work must be prosecuted with reasonable diligence and be completed on or before June 2, 1976

Proof of completion of work shall be filed before July 2, 1976

Application of water to beneficial use shall be made on or before November 4, 1976

Proof of the application of water to beneficial use shall be filed on or before December 4, 1976

Map in support of proof of beneficial use shall be filed on or before
