
Traverse line run by compass bearings. Var. Set at 18°10' E.
Dist. by Stadia measurments.

Proposed Works = Open cut at Spring from which Water will be Conducted thru approx 30 ft. of 1½ inch Pipe to trough S.W. of Point of diversion.

STATE OF NEVADA }
COUNTY OF LANDER } ss

I, O. P. Adams, being first duly sworn, depose and say that this map, consisting of one sheet, has been correctly drawn to the designated scale from field notes of a survey made by me on the first day of April 1928; that it truly and correctly represents the location and extent of the proposed works used to divert water from Deer Spring in Lander County by Lloyd G. High for stockwatering purposes.

That the proposed point of diversion, the approximate location and size of the diverting channel or other conduit, the place of use, and manner of use, and the location and names of all other works or streams which are crossed by, or connected with the said works, are fully and correctly designated thereon.

O. P. Adams
State Water Right Surveyor.

Subscribed and sworn to before me this 10 day of April 1928.
Louis A. Lemaire
Notary Public in and for Lander County, Nevada.
