I, W.H Settelmeyer, being first duly sworn, depose and say that this map, consisting of one sheet has been correctly drawn to the designated scale from field notes of a survey made by me on the 12th day of March 1959; that it truly and correctly represents the location and extent of the works used to divert water from an underground source in Lander County, by the Town of Battle Mountain, Nevada for municipal purposes. That the point of diversion, the location and size of the diverting conduit, the place and manner of use, and the location and names of all other works or streams which are crossed by, or connected with said works, are fully and correctly designated thereon.
