JUN 9 1976

Returned to applicant for correction.....

JUN 29 1976

Corrected application filed.....

MAY 5 1976

Map filed.....

The applicant..... Frank W. Lewis

120 Greenridge Dr., of Reno

Street and No. or P.O. Box No.

City or Town

Nevada 89509, hereby make application for permission to appropriate the public

State and Zip Code No.

waters of the State of Nevada, as hereinafter stated. (If applicant is a corporation, give date and place of incorporation; if a copartnership or association, give names of members.)

1. The source of the proposed appropriation is..... Underground Source

Name of stream, lake or other source.

2. The amount of water applied for is..... 0.20 second-feet

One second-foot equals 448.83 gals. per min.

(a) If stored in reservoir give number of acre-feet..... 0.0328 acre-feet

3. The water to be used for..... Mining, Milling, and Domestic

Irrigation, power, mining, manufacturing, domestic, or other use.

4. If use is for:

(a) Irrigation (state number of acres to be irrigated).....

(b) Stockwater (state number and kinds of animals to be watered).....

(c) Other use (describe fully under "No. 12. Remarks")..... Mining, Milling and Domestic

(d) Power:

(1) Horsepower developed.....

(2) Point of return of water to stream.....

5. The water is to be diverted from its source at the following point: SE 1/4 SW 1/4 Sec. 7, T8N, R37E

M.D.B. & M., unsurveyed. The NE corner of Sec. 2, T7N, R36E bears

Describe as being within a 40-acre subdivision of public survey, and by course and distance to a section corner. If on unsurveyed land,

S. 18° 27' 28" W. a distance of 22696.19 feet from this point.

it should be stated.

6. Place of use..... S 1/2 SE 1/4 Sec. 7, T. 8N., R. 37E., M.D.B. & M.

Describe by legal subdivision, if on unsurveyed land it should be so stated.

7. Use will begin about..... January 1 and end about..... December 31, of each year.

Day and Month

Day and Month

8. Description of proposed works. (Under the provisions of NRS 535.010 you may be required to submit plans and specifications of your diversion or storage works.)..... Water to be diverted from source

through a 1 1/2" plastic pipe to place of use. Mining Milling water

State manner in which water is to be diverted, whether by dam or other works, whether through pipes, ditches, flumes, or other conduits:

to be stored in two plastic lined earthen tanks. Well will be a

submersible Electric pump of Approx. 2" size.

- 9. Estimated cost of works ..... \$9,000.00 .....
- 10. Estimated time required to construct works ..... 1 year .....
- 11. Estimated time required to complete the application to beneficial use ..... 2 years .....
- 12. Remarks: For use other than irrigation or stock watering, state number and type of units to be served or annual consumptive use.

Water will be used to support a gold leaching facility consisting of two plastic lined storage tanks, leach pads, a carbon absorbsion circuit, and a stripping circuit. Water will also be used to supply two mobile homes, and the mine laboratory. A 1½" dia. plastic pipeline approximately 2,100' long will be used to convey the water from the source to the place of use.

APPROVAL OF STATE ENGINEER

This is to certify that I have examined the foregoing application, and do hereby grant the same, subject to the following limitations and conditions:

This permit is issued subject to all existing rights on the source. It is understood that the amount of water herein granted is only a temporary allowance and that the final water right obtained under this permit will be dependent upon the amount of water actually placed to beneficial use. It is also understood that this right must allow for a reasonable lowering of the static water level at permittee's well due to other ground water development in the area. A measuring device must be installed and measurements of water use kept. The well shall be equipped with a 2-inch opening for measuring depth to water. If the well is flowing, a valve must be installed and maintained to prevent waste. The State retains the right to regulate the use of the water granted herein at any and all times.

The amount of water to be appropriated shall be limited to the amount which can be applied to beneficial use, and not to exceed 0.2 cubic feet per second but not to exceed 47.2 million gallons annually.

- Actual construction work shall begin on or before June 2, 1977
- Proof of commencement of work shall be filed before July 2, 1977
- Work must be prosecuted with reasonable diligence and be completed on or before June 2, 1978
- Proof of completion of work shall be filed before July 2, 1978
- Application of water to beneficial use shall be made on or before June 2, 1979
- Proof of the application of water to beneficial use shall be filed on or before July 2, 1979
- Map in support of proof of beneficial use shall be filed on or before .....

Commencement of work filed DEC 15 1976  
 Completion of work filed DEC 15 1976  
 Proof of beneficial use filed DEC 15 1976
