APPROVAL OF STATE ENGINEER

This is to certify that I have examined the foregoing application, and do hereby grant the same, subject to the following limitations and conditions:

This permit to change the point of diversion and place of use of a portion of the waters of an underground source as heretofore granted under Permit 15839, Certificate 4886 is issued subject to the terms and conditions imposed in said Permit 15839, Certificate 4886 and with the understanding that no other rights on the source will be affected by the change proposed herein. The well shall be equipped with a 2-inch opening and a weir or other type of measuring device at or near the well to facilitate the measurement and control of the water. If well is flowing, a valve must be installed and maintained to prevent waste. The State reserves the right to regulate the use of the water under this proposed change at any and all times.

The total combined amount of water granted under this permit and Permit 30297 is limited to what the well covered under the two permits is capable of producing. If certificates of appropriation are issued under this permit and Permit 30297, the total combined amount of appropriation granted in said certificates shall not exceed what the well covered under the two permits is capable of producing.

No perforations shall be put in the casing until after the well is completed and the log available for study. Perforations shall not start less than 100 feet from the surface unless the log shows a satisfactory confining formation nearer the surface. The amount of water to be changed shall be limited to the amount which can be applied to beneficial use, and not

to exceed 0.6566 cubic feet per second but not to exceed

92. acre-feet annually.

Actual construction work shall begin on or before August 7, 1977

Proof of commencement of work shall be filed before September 7, 1977

Work must be prosecuted with reasonable diligence and be completed on or before August 7, 1978

Proof of completion of work shall be filed before September 7, 1978

Application of water to beneficial use shall be made on or before August 7, 1980

Proof of the application of water to beneficial use shall be filed on or before September 7, 1980

Map in support of proof of beneficial use shall be filed on or before September 7, 1980

Commencement of work filed SEP 9 1977
 Completion of work filed SEP 13 1978
