I, John W. King, being first duly sworn, depose and say that this map, consisting of one sheet, has been correctly drawn to the designated scale from field notes of a survey made by me between the 1st day of August and the 3rd day of August, 1929; that it truly and correctly represents the location and extent of the proposed works used to divet water from Peacock Springs in Elko County by John Crosby Jr. for stockwatering purposes. That the proposed point of diversion, the approximate location and size of the diverting channel or other conduit, the place and manner of use, and the location and names of all other works or streams which are crossed by or connected with the said works, are fully and correctly designated thereon.
