I, H.H. Sheldon, being first duly sworn, depose and say that this map, consisting of one sheet, has been correctly drawn to the designated scale from field notes of a survey made by me on the 13th day of March, 1931; that it truly and correctly represents the location and extent of the proposed works used to divert water from Antelope Spring in Humboldt County, Nevada by Pete Laca for stockwatering purposes. That the point of diversion, the size of the diverting or impounding dam, the place and manner of use, and the location and names of all other works or streams which are crossed by or connected with the said works are fully and correctly designated thereon.

H.H. Sheldon
State Water Right Surveyor.

Subscribed and sworn to before me this 17th day of March, 1931
