
STATE OF NEVADA
County of Esmerelda ..... } S.S

I, H.F. Bruce, being first duly sworn, depose and say that this map, consisting of one sheet, has been correctly drawn to the designated scale from field notes of a survey made by me between the 14 day and 16 day of April, 1933; that it truly and correctly represents the location and extent of the proposed works used to divert water from Uncle Sam Spring in Esmerelda County by R.B. Sorensen for mining and milling purposes. That the proposed point of diversion, the approximate location and size of the diversion channel or other conduit, the place and manner of use, and the location and names of all other works or streams which are crossed by or connected with said works, are fully and correctly designated thereon.

STATE WATER RIGHT SURVEYOR.
