State of Nevada
County of Humboldt

I, H.H. Sheldon, being first duly sworn, depose and say that the above map is a true and accurate plat of a portion of the lands irrigated by Charles Farrell, as taken from the field notes of a survey made by me, completed on the 15th day of February, 1919.

That the map and survey were made at the instance of J. Sheehan, one of the owners of said lands and was made for the purpose of segregating the various classes of irrigated lands and for the purpose of locating ditches used to irrigate said lands. Said ditches were not located by me on my former survey as I had been informed that there were no ditches there. This map truly represents the irrigated lands of said Charles Farrell.

H.H. Sheldon, C.E.

Subscribed and sworn to before me, this 17th day of February, 1919

Notary Public in and for Humboldt County, Nevada
