I, O.L. Hussman, being first duly sworn, depose and say that this map, consisting of one sheet, has been correctly drawn to the designated scale from field notes of a survey made by me on the 2nd day of November, 1966, and from data of an aerial survey of the property made by the Soil Conservation Service in 1966; that it truly and correctly represents the proposed location and extent of the works used to divert water from a well in Douglas County by William and Dee Magill for irrigation and domestic purposes. That the proposed point of diversion, the location and names of all other works which will cross or connect with the proposed works, and the boundary of all lands, showing by 40 acre subdivisions the area proposed to be irrigated, are truly and correctly designated thereon.

O.L. Hussman
State Water Right Surveyor
