THE STATE OF NEVADA

Proof of Appropriation of Water for
Power (Mining) (Milling)

.....

.....

From Truckee River Nevada
(Name of natural water source.)

Through Proposed Nevada Power and Transportation Company
(Name of ditch, flume, or pipe line.)

Henry Riker, the undersigned,

being first duly sworn, deposes and says that the facts relative to the appropriation of water by Nevada Power and Transportation Company

are full and correct to the best of his knowledge and belief.

That affiant is President of Nevada Power and Transportation Company
(If proof is not made by claimant, deponent should state on this line by virtue of what authority he represents the claimant.)

(1) Name of claimant Nevada Power and Transportation Company

Address Reno, County of Washoe,

State of Nevada

(2) The means of diversion employed Dam and Ditch proposed
(Dam and ditch, pipe line, flume, etc.)

(3) The date of the survey of ditch, canal or pipe line was Sept 7th 1899

(4) The construction of the ditch or other works was begun Sept 7th 1899,

and completed Still under Construction

(5) The dimensions of the ditch or canal as originally constructed were: Width on bottom ..... feet;

width on top ..... feet; depth ..... feet; on a grade of ..... feet per thousand feet. The Ditch or Canal to be of a size and on a grade sufficient to carry the amount of water proposed

(6) The amount of water claimed is 30000 miners inches or 750 second-feet.

(7) The conduit has (has not) been enlarged. Construction work not completed
(NOTE: If enlargement or extension of ditch was made, supply information under (7) and (8.)

(8) The work of enlargement of the ditch or canal was begun This claimant intends to enlarge in part the Sturtevant Ditch

and completed .....

(9) The dimensions of the ditch or canal as enlarged are: Width on bottom ..... feet; width on top

..... feet; depth ..... feet; on a grade of ..... feet per thousand feet.

(10) The claimant is (is not) an owner in the above-described conduit The Claimant owns an undivided one half in said Sturtevant Ditch
(If claimant is an owner in the conduit, state interest held on this line.)

(11) The nature of the title to the land upon which the works are located is Dam and Diversion works located on land owned in fee by Claimant

(12) If works are not completed give description of work already done partial construction of head gates building roads for ingress and egress, clearing land, surveys etc All work being done with due diligence since the date of appropriation

(13) ~~The water has been used for power (mining) (milling) from~~ .....,
(Strike out any not wanted) (Day of month)

to ..... of each year.
(Day of month)

(14) ~~The water was first used for power (mining) (milling) by claimant~~ or ..... grantors in the year
(Strike out any not wanted)

....., when ..... horse-power was generated.

(15) ~~The maximum power generated in any year was~~ ..... horse-power.

(16) The years during which no water was used for power (mining) (milling) or during which the fully water right was not used were not having works completed, no use of water has as yet been made, but Claimant has been diligently and uninterruptedly at work for its system since the date of filing its notice of appropriation herein to wit Sept 7th 1899
(Strike out any not wanted) (If water was not used, or used in reduced quantity at any time, full information as to the cause and duration of non-use should be given, appending a sheet if necessary.)

(17) The claimant's water right was (was not) recorded in the office of the County Recorder of Washoe County, said record being at page 327 of Book G of Deeds and Miscellaneous and being a claim for 30000 miners inches or 750 sec ft of water for generating power (~~mining~~) (Strike out any not wanted) (~~milling~~) also recorded in office of County Recorder of Storey County, said record being at page 461 Book "N" of agreements, Storey County Records

(NOTE: Failure to record in the county in no way invalidates a water right, but if a ditch or right was so recorded, supply full information)

(18) The map provided by the State Engineer and attached hereto as a part of this proof is hereby accepted as correctly showing the ditch lines or other works diverting ~~or~~ conveying the water claimed, to the point of use. — Map not furnished by State Engineer

(19) Water from the source given and through the works described is also used for the following purposes other than power (~~mining~~) (~~milling~~) irrigating lands of L. M. Lagomarsino and Peter Murphy to the extent of twenty second feet

(20) Remarks: The Nevada Power and Transportation Company is the owner by mesne conveyance of the rights of W. G. Caffery to the use of 30000 miners inches or 750 second feet of waters flowing in the Truckee river. The proposed point of diversion is situated on lands owned in fee by said Company and more particularly described as follows: 750 feet west of the East line of the S.W. 1/4 of the S.W. 1/4 of Section 17 T19N R21E M.D.M. The Company also owns one half interest in and to the Sturtevant Ditch and it proposes to enlarge said ditch to a size and upon a grade sufficient to carry the waters so appropriated by it, to wit 30000 miners inches or 750 second feet, but while doing so to allow 20 second feet to flow to Peter Murphy and L. M. Lagomarsino, and being the amount now used by them in irrigating their lands.

The rights of the Company to the use of the waters now flowing in the Truckee river are vested, and the Company is proceeding and has proceeded at all times with due diligence to perfect its said rights

Nevada Power and Transportation Company

by Henry Ricen, President

Subscribed and sworn to before me, this 12th day of June 191

James T. Boyd

Notary Public in and for the County of Washoe

My commission expires Aug. 27, 1911

This part of form to be left blank by claimant.
