THE STATE OF NEVADA

PROOF OF APPROPRIATION OF WATER FOR STOCK WATERING PURPOSES

From GOLD SPRING
Name of natural water course

Through Pipe line
Name of ditch, pipe line, etc.

David B. Gemmill, the undersigned, being first duly sworn, deposes and says that the statements herein contained relative to the appropriation of water by the Geyser Land & Cattle Co. are full and correct to the best of his knowledge and belief.

The Geyser Land & Cattle Co., by its president and manager, instructed
If proof is not made by claimant, deponent should state on this line by virtue of what authority he represents the claimant
the undersigned to make survey and necessiary proofs.

(1) Name of claimant Geyser Land & Cattle Co.

Address Geyser, County of Lincoln,

State of Nevada.

(2) The means of diversion employed is Dam and pipe line.
Dam and ditch, pipe line, flume, etc.

(3) The water is impounded in Trough.
Troughs, reservoirs, tanks, etc.

(4) The construction of the ditch or other works was begun Probably between I870 & I880 and completed Sept. I9I4

(5) The nature of the claimant's title to the land upon which the works are located is held by transfers from prior claimants -on unpattented land. No actual title to the land-

(6) The claimant's water right was (was not) recorded in the office of the County Recorder of _____ County, at Page _____ of Book _____ of _____
Recorded in connection with various transfers of Geyser Ranch property.

(7) The approximate number of animals watered by the claimant during the first year was not known and said watering was conducted for an approximate period of 30 days during each of the following months all months

(8). *The approximate number of animals watered by claimant in subsequent years was as follows:*

Number has depended upon the number of cattle owned by the Geyser Ranch, who have also been the owners of Gold Springs The Geyser Ranch has owned all the way from 3000 to 400 head of cattle. The ranch has owned during the last 5 years in the neighborhood of 700 head, only a few of which watered at Gold Springs.

(9) *The amount of water which it has been necessary to divert for the said purpose has been* One tenth (0.10) *cubic feet per second.*

40 miners inches equals 1 cubic foot per second

(10) *The water is diverted from its souurce at* point 7160 Ft. N. 78 50' E. *feet from the* Mineral Park Mineral Survey Monument Monument Marked U.S.M.M.No. I *corner of Section* ....., *T.* ....., *R.* ..... *E., Mount Diablo Base and Meridian.*

True bearing to nearest 5 minutes distance

NOTE—Information under (10) must invariably be given when a public corner is within 6 miles, unless the State Engineer consents to some other form of description.

(11) *The works are located at* Same place

Describe as within a 40-acre subdivision of public survey or by a tie in same manner as under (10)

Remarks: This spring was probably first used by the freighters freighting to Mineral Park in the earley days later it was claimed by the owners of the GeyserRanch. The improvements at present at the spring were placed there this year in the month of September.

Remarks:

GEYSER LAND AND CATTLE CO.
