I, RICHARD W. ARDEN, being first duly sworn, depose and say that this map, consisting of one sheet, has been correctly drawn to the designated scale from field notes of a survey made by me or under my supervision and direction between the 5th day of July, and the 17th day of August, 1967; that it truly and correctly represents the proposed location and extent of the works used to divert water from an underground source in Churchill County, by GEORGE T. OLDS, for irrigation and domestic purposes. That the proposed point of diversion, the approximate location and size of the diverting channel, and the boundary of all lands, showing by 40-acre subdivisions the area proposed to be served, are fully and correctly designated thereon.
