SUPPLEMENT AND AMENDMENT
TO
PROOF V01190

Proof V01190 was filed by R.M.. Woodward in the office of the State Engineer. Through mesne conveyance of record, the water rights and the land under the subject proof is now vested in Ellison Ranching Company of record in State Engineer's office. Proof V06575 was filed in the Office of the state Engineer in 1994 and the lands listed therein include the lands under Proof V01190. The purpose of this supplement and amendment is to remove the acreage appurtenant to V01190 from Proof V06575 and place in V01190.

Proof V01190 as filed claims a priority of 1881 for Ditch No. 1 and 1889 for Ditch No. 2 as described in the Statement of Water Rights executed by R.M. Woodward and the plat attached thereto indicates that Ditch No. 2 irrigates lands located in T42N, R52E, MDB&M while Ditch No. 1 irrigates lands located in T41N, R52E, MDB&M. As the subject proof describes lands located in T42N, R52E, MDB&M, 1889 is accepted as the priority date. Said Statement of Water Rights was recorded in Book 2 of Water Rights at page 64 in the Office of the County Recorder of Elko County, Nevada, a copy of which has been previously filed with the State Engineer, but an additional copy is attached hereto. The Statement of Water Rights claims 200 acres to be irrigated.

At the time of the sale of the ranch property , R.M. Woodward conveyed lands located in Sections 22, 23, 24, 25, 26, 27 and 35, T42N, R52E, MDB&M, portions of which are shown on V06575 as being irrigated lands. Based on the Doctrine of Relation Back, any lands described in said conveyance which are included in Proof 06575 therefore have a priority of 1889. Said lands and culture are described on pages 2 through 6 of this Supplement and Amendment attached hereto.

V01189 and V01190 claim an additional use by stock. The 1905 Tax Roll assesses R.M. Woodward for 90 Stock cattle and that is the number claimed.
