(20) *Water from the source given and through the works described is also used for the following purposes other than irrigation:*

Not used for any other purpose.

(21) *Remarks:*

Water was used every year every year subsequent to 1895 by Jacob Hofman except the year 1911, when the land hereinbefore mentioned was leased to a Mrs Hider, with whom there was an understanding that the water should be used. to irrigate said land.

The amount of water from this canyon or creek is very limited. It is very seldom that enough water reaches the land herein mentioned to properly irrigate it.

The ditches have often been cleaned, but never with the intention of enlarging them. They were sufficiently large to carry any and all waters that might be turned into them.

Mary Christine Hofman.
