THE STATE OF NEVADA 02252

PROOF OF APPROPRIATION OF WATER FOR STOCK WATERING PURPOSES

From South Spring
Name of natural water course

Through
Name of ditch, pipe line, etc.

L. J. Fee, the undersigned, being first duly sworn, deposes and says that the statements herein contained relative to the appropriation of water by E. J. Fee are full and correct to the best of his knowledge and belief.

Agent for claimant.
If proof is not made by claimant, deponent should state on this line by virtue of what authority he represents the claimant

(1) Name of claimant E. J. Fee
Address Ft. Bidwell, County of Modoc,
State of California

(2) The means of diversion employed is
Dam and ditch, pipe line, flume, etc.

(3) The water is impounded in
Troughs, reservoirs, tanks, etc.

(4) The construction of the ditch or other works was begun
and completed

(5) The nature of the claimant's title to the land upon which the works are located is
Patented land.

(6) The claimant's water right ~~was~~ (was not) recorded in the office of the County Recorder of
County, at Page of Book of

(7) The approximate number of animals watered by the claimant during the first year was at least 100 head of cattle
and said watering was conducted for an approximate period of 270 days during each of the following months Mar. Apr. May June July Aug Sept. Oct. Nov.

(8) The approximate number of animals watered by claimant in subsequent years was as follows:

100 to 200 head of cattle at various times during season. 1500 sheep have been watered for a short time on various occasions within the last few years.

(9) The amount of water which it has been necessary to divert for the said purpose has been

.10 (ten-hundred) cubic feet per second.

40 miners inches equals 1 cubic foot per second

(10) The water is diverted from its source at N 89° 05' E 954 feet from

True bearing to nearest 5 minutes distance

the West ¼ corner of Section 34, T. 45 N., R. 18 E.,

Mount Diablo Base and Meridian.

NOTE—Information under (10) must invariably be given when a public corner is within 6 miles, unless the State Engineer consents to some other form of description.

(11) The works are located at

Describe as within a 40-acre subdivision of public survey or by a tie in same manner as under (10)

Remarks: The description given above is of the point at which the main spring is situated. The above numbers of stock can water without artificial diversion for a distance of about 100 yards ~~below~~ below the spring, ordinarily. When the spring is at its maximum flow, however, some of the water flows down the ravine and is impounded behind a rock and earth dam, built in October, 1917, which is located on the SW¼ of the SW¼ of Sec 27 Tp 45 N - R - 18 E. at a point N 86° 05' E - 1020 feet from the SW corner of Section 27 - Tp 45 N R 18 E. M.D.M.

Remarks: This water has been used by claimant, his father, and their predecessor in interest, W. B. Whittemore for stockwater since before 1878.
