PROOF No. 02322

FILED
July 12, 1943
STATE ENGINEER'S OFFICE

THE STATE OF NEVADA

PROOF OF APPROPRIATION OF WATER FOR STOCK WATERING PURPOSES

From Mud Spring
Name of natural water course

Through Spring channel and reservoirs
Name of ditch, pipe line, etc.

Mrs. D. C. Gardner, the undersigned, being first duly sworn, deposes and says that the statements herein contained relative to the appropriation of water by D. C. Gardner are full and correct to the best of ~~his~~ her knowledge and belief.

If proof is not made by claimant, deponent should state on this line by virtue of what authority he represents the claimant

(1) Name of claimant Mrs. D. C. Gardner

Address Lund, County of White Pine,

State of Nevada.

(2) The means of diversion employed is Dam
Dam and ditch, pipe line, flume, etc.

(3) The water is impounded in Reservoir
Troughs, reservoirs, tanks, etc.

(4) The construction of the ditch or other works was begun in 1900 and completed in 1900

(5) The nature of the claimant's title to the land upon which the works are located is Government land.

(6) The claimant's water right ~~was~~ (was not) recorded in the office of the County Recorder of ..... County, at Page ..... of Book ..... of .....

(7) The approximate number of animals watered by the claimant during the first year was 150 cattle and said watering was conducted for an approximate period of 30 days during each of the following months April, May, June, July, August, September and October.

(8) The approximate number of animals watered by claimant in subsequent years was as follows:

200 cattle watered here every spring and summer from the year 1900 to the year 1937. Could not water here in 1937 or 1938 on account of new reservoir below the spring which was fenced in 1937.

about 100 head of cattle watered below the fence in 1939, 1940 and 1941 and in 1942 and 1943 200 head of cattle were watered in the Mud Spring channel below the fence around the spring.

(9) The amount of water which it has been necessary to divert for the said purpose has been

about 1/10 th cubic feet per second.

40 miners inches equals 1 cubic foot per second

(10) The water is diverted from its source at S. 69° 05' E., 2670 feet from

True bearing to nearest 5 minutes distance

the North west corner of Section 14, T. 14N., R. 62 E.,

Mount Diablo Base and Meridian.

NOTE—Information under (10) must invariably be given when a public corner is within 6 miles, unless the State Engineer consents to some other form of description.

(11) The works are located at in the NE¼NW¼, Sec. 14

Describe as within a 40-acre subdivision of public survey or by a tie in same manner as under (10)

Remarks: In 1900 D. C. Gardner did the first development work on Mud Spring and constructed three rock dams across the spring channel to form reservoirs from which his cattle were watered in subsequent years until the year 1937 when a reservoir was constructed near the spring by Lloyd Sorenson and the spring area fenced, no water flowed down the spring channel below the Sorenson reservoir in the years 1937 and 1938 .

Remarks:

Mrs. D C. Gardner

Subscribed and sworn to before me this 9th day of July, 1943.

Notary Public in and for the County of White Pine

My commission expires December 22, 1945.

This part of form to be left blank by claimant
