whose post office address is P.O. Box 491 Indian Springs Nev 89149

whose occupation is rancher, and protests the granting
of Application Number 71173, filed on 6th of May, 04
by Southern Nevada Water Authority of LV. Nev to appropriate the
Printed or typed name of applicant
waters of 6.0 cfs to be made from underground situated in See attachment
Underground or name of stream, lake, spring or other source
County, State of Nevada, for the following reasons and on the following grounds, to wit:

Previous studies show 1000 acre feet in basin 161. Irrigation wells have been denied for years for reason unknown. Now SNWA is filing several applications for 6.0 cfs from basin 161, the water is to be used for municapal purposes but not in 161. I feel this will adversely affect the historic spring of Indian Springs and it will do irreparable damage to the spring and town

THEREFORE the protestant requests that the application be DENIED
(Denied, issued subject to prior rights, etc., as the case may be)
and that an order be entered for such relief as the State Engineer deems just and proper.
