of Application Number 71207, filed on 11 may, 2004

by Nevada Land & Resource to appropriate the

waters of the State of Nevada, underground situated in White Pine
Underground or name of stream, lake, spring or other source

County, State of Nevada, for the following reasons and on the following grounds, to wit:

Our water table is dropping now, whether it is pumping or drouth, is not clear. As I understand the situation, there are more applications for water permits in this basin than will ever be granted and they pre-date this application these earlier applications should merit some reservation of available, if any, underground water. Nevada Land & Resources Applications for more water than they have ground shows that they are just purveyors of water!

THEREFORE the Protestant requests that the application be Denied
Denied, issued subject to prior rights, etc., as the case may be

and that an order be entered for such relief as the State Engineer deems just and proper.
