Street No. or PO Box, City, State and ZIP Code

whose occupation is _____ and protests the granting

of Application Number 83222, filed on November 4, 20 13

by Bruce A. and Pamela G. Jensen for the

waters of White River and Tributaries situated in Nye
an underground source or name of stream, lake, spring or other source

County, State of Nevada, for the following reasons and on the following grounds, to wit:

The White River does not flow this far south except in extremely wet years, leaving only Hot Creek and Sunnyside Creek to satisfy this application. These sources are fully allocated under existing Claims of Vested Rights and Certificated Rights until such time that adjudication of the White River and tributaries can show available water. Therefore, there is no unappropriated water on the source and the proposed use conflict with existing rights.

The approval of this application could be detrimental to the Kirch Wildlife Management Area which relies on these waters to support wildlife habitat for public access as well as for endangered/threatened wildlife species within the management area. Therefore, the proposed use threatens to be detrimental to the public interest and is not environmentally sound.

THEREFORE the Protestant requests that the application be Denied
Denied, issued subject to prior rights, etc., as the case may be

and that an order be entered for such relief as the State Engineer deems just and proper.
