I, John A. Modawell, being first duly sworn, depose and say that this map, consisting of one sheet has been correctly drawn to the designated scale from field notes of a survey made by me on the 9th day of September, 1972; that it truly and correctly represents the proposed location and extent of the works used to divert water from an underground source in Washoe County, by Dolores and Thelma Simoncini for irrigation and domestic purposes. That the proposed point of diversion, and the boundary of all lands, showing by 40 acre subdivisions the areas proposed to be irrigated, are fully and correctly designated thereon.
