I, Richard W. Forman, being first duly sworn, depose and say that this map, consisting of one sheet, has been correctly drawn to the designated scale from field notes of a survey made under my supervision and direction between the 22nd day of April, 1974, and 26th day of April, 1974. That it truly and correctly represents the proposed location and extent of the works used to divert water from Underground Sources in White Pine County by Billie R. and Dolores O. Gipson for Irrigation and Domestic purposes. That the proposed point of diversion, the approximate location and size of the diverting channel, all resevoirs or basins, the locations and names of all other work which will cross or connect with the proposed works, and the boundary of all lands, showing by 40-acre subdivisions the areas proposed to be irrigated are fully and correctly designated hereon.
