..... APPROVAL..... OF STATE ENGINEER

This is to certify that I have examined the foregoing application, and do hereby grant the same, subject to the following limitations and conditions:

..... This permit is issued subject to all existing rights on the source. It is understood that the 0.11 c.f.s., herein granted is only a temporary allowance and that the final water right obtained under this permit will be dependent upon the amount of water actually placed to a beneficial use. A suitable measuring device must be installed and accurate measurements of the water placed to a beneficial use must be included in the proof of such use when filed. The State retains the right to regulate the use of the water herein granted at any and all times.

..... This permit is issued subject to the terms and conditions of State Engineer's Ruling dated December 28, 1978.

..... This Permit does not extend the permittee the right of ingress and egress on public, private or corporate lands.

The amount of water to be appropriated shall be limited to the amount which can be applied to beneficial use, and not to exceed..... 0.11..... cubic feet per second, but not to exceed a yearly duty of 4.0 acre-feet per acre of land irrigated from any and/or all sources.

Actual construction work shall begin on or before..... August 13, 1979

Proof of commencement of work shall be filed before..... September 13, 1979

Work must be prosecuted with reasonable diligence and be completed on or before..... August 13, 1980

Proof of completion of work shall be filed before..... September 13, 1980

Application of water to beneficial use shall be made on or before..... August 13, 1982

Proof of the application of water to beneficial use shall be filed on or before..... September 13, 1982

Map in support of proof of beneficial use shall be filed on or before..... September 13, 1982
