..... APPROVA:..... OF STATE ENGINEER

This is to certify that I have examined the foregoing application, and do hereby grant the same, subject to the following limitations and conditions:

..... This permit is issued subject to existing rights and is further
 subject to revocation if and when water can be furnished by an entity
 such as a water district or a municipality engaged in furnishing water.
 A totalizing meter must be installed in the discharge pipeline, near the
 point of diversion, and accurate measurements must be kept of water
 placed to beneficial use. It is understood that this right must allow
 for a reasonable lowering of the static water level. The well shall be
 equipped with a 2-inch opening for measuring depth to water. If the
 well is flowing, a valve must be installed and maintained to prevent
 waste. This source is located within an area designated by the State
 Engineer pursuant to NRS 534.030. The State retains the right to regu-
 late the use of the water herein granted at any and all times.

The amount of water to be appropriated shall be limited to the amount which can be applied to beneficial use, and not to exceed..... 2.5..... cubic feet per second, but not to exceed
 140.0 million gallons annually.....
