Basis of Bearing: Solar Observation April 8, 1974

State of Nevada
County of Washoe

I, CLAUDE E. HUNTER, being first duly Sworn; dispose and say that this Map has been correctly drawn to the designated scale from field notes of a Survey made under my direction between 9 March and 17 April 1974 and from aerial photographs taken on the 20 day of March 1974 and that it truly represents the proposed location and extent of the works to change the Point of Diversion of water from an Underground Source in Washoe County, by Intermountain Land Co. for Irrigation and Domestic purposes. That the proposed Points of Diversion, the approximate location and size of the diverting channel, all reservoirs or basins, the location and names of all other works which will cross or connect with the proposed works, and the boundary of all lands, showing by 40-acre subdivisions the area proposed to be irrigated, are fully and correctly designated therean.
