
STATE OF NEVADA
COUNTY OF WASHOE

I, WILLIAM F. PILLSBURY, being first dully sworn, depose and say that this map, consisting of 1 sheet, has been correctly drawn to the designated scale from field notes of a survey made under my supervision on the 20th day of November, 1981; that it trully and correctly represents the location and extent of works used to divert water from an underground source by Bureau of Land Management for stockwatering and wild horse purposes. That the proposed point of diversion, the approximate location and size of the diverting channel or other conduit, the place and manner of use, and the location and names of all other works or streams which are crossed by, or connected with the said works, are fully and correctly designated hereon.
